

Prescription Refills

To request prescription refills over the phone you should call during our normal office hours 8:30 AM to 5:00 PM. It is important that you do not wait until you are out of medication to request a refill, because you should allow at least 24 hours for your request to be met. In order to maintain your prescription refills you should visit your cardiologist once a year. To request a prescription refill call us at (864) 261-7474.
